Meeting was called to order at 6:30 PM by Angie Butz.

Overview: Discussed updates regarding SWT and Ten8, and felt that Ten8's most recent presentation reflected that they were listening to our concerns and thoughts.

SBD Signage and Branding Committee - The Ten8 and SWT combined presentation will be at the next SBD Board meeting on November 14th. All are encouraged to attend and spread the word.

Other Business: Discussions began on the Bridge Project. The bridge over the railroad tracks at the Grand Avenue entrance into Carondelet Park needs to be power washed, minor repairs and painted. Foliage by the bridge needs to be trimmed and homeless people will need to relocate from the area. This is projected to be an early Spring project. Multiple members will look into companies that can do the work as well as paint fire hydrants and paint crosswalks.

Forestry will be notified about the foliage. The unhoused community is an ongoing issue to be further discussed.

Ideas for decorative tree surrounds were discussed. Cost and availability of planters were discussed. Angie agreed to work on this further.

Thank you to Jeanne Lambson for doing an inventory of the trees on Bates. This information was sent to Anne Schweitzer.
