Total Cost Calculations

Warranty

and Vendor History

Conditional Warranty:

Image360 St. Louis will provide a 10 year cost free warranty on workmanship of both the pole banners and the pole banner brackets. This warranty will not cover damage caused by either individuals nor acts of God (UV Rays, Wind, Etc.). "Workmanship" to include any welding or fabrication to develop the final banners and brackets as well as the "clasp" method of attaching brackets to posts. Barring any unusual circumstance, Image360 St. Louis will be responsible for any repairs or replacements that are caused by poor workmanship. Warranty will begin on final invoice date and will end 10 calendar years in the future.

Vendor History:

Image360 St. Louis has been in business in the St. Louis area since August of 2008. We design, manufacture, print, and fabricate all types of signage, including but not limited to: Exterior building signs, exterior monument signs, pole banners, interior experiential graphics, vinyl wall wraps, vehicle wraps, etc. Bill, the owner of the company, has 16 years of experience. Robb, the fabrication and installation manager, has 24 years of experience. All other employees have over 5 years of experience each.

We completed the "Prospect Yards" pole banner project for St. Louis Midtown Redevelopment in the calendar year of 2023.

Image360 St. Louis is interested in providing an alternative option to the drawn pole banners. With the idea of saving cost in mind, we would suggest fabricating the banners out of aluminum and applying printed cast vinyl with cast laminate to each face. This fabrication method is the one utilized to create the "Prospect Yards" pole banners. There would be no 3-Dimensional lettering or see-through rondals, but we can create a nice visual effect with print. Below is the cost breakdown for this method for your records:

Banner 1:

Banner Total Cost: \$27,244.56
Banner Each Cost: \$1135.19
Sales Tax: \$2,244.41
Installation Cost: \$7,445.04
Total Cost: \$36,934.01

Banner 2:

Banner Total Cost: \$29,155.10
Banner Each Cost: \$1267.61
Sales Tax: \$2401.80
Installation Cost: \$7134.83
Total Cost: \$38691.73

TOTAL PROJECT COST:

\$75,625.74
