###### Branding and Placemaking

- Alison is unable to attend this month's meeting, but sent this update:  
I hosted a table at the showing of ET in Carondelet Park on July 11th. I arrived an hour before the movie started. I used the posters we had Silverfox create for us which display two of the traffic calming proposals Trail Net put together for us. We had three different groups approach the table. None of them had questions. They all expressed happiness and gratitude that the SBD was taking measures to calm traffic in the neighborhood. Particularly, people were happy about the proposed "pork chops" for the park. I can attend the other outdoor movies held in the park. **Does anyone know of any additional events I should attend?** Thank you!
